Called ... to Greatness?  
Ephesians 4:1-7

1. What does humility mean to most people? Do they see it as a virtue?
2. Apparently personal greatness was on the mind of at least some disciples. What does their struggle and the rebuke by Jesus mean to us today?
3. What does the ancient definition of gentleness (an animal that can be trusted around people) tell us today about this virtue?
4. Have you every struggled with patience with others? Is anyone willing to give a personal example?
5. In what way can the life of Jesus (Philippians 2:3-11) be a model for us as disciples? Is it possible for us to grow in these virtues?
6. This is installation Sunday. You have both stated and unstated expectations of your new pastor? Should he be able to have expectations of you?
