What is the actual meaning of Philippians 4:13? How does this apply to your life?

Do you think it's harder to find contentment in Christ when times are hard or good? Why?

In what sense does giving money away profit the giver?

Why should you give faithfully? Do you have a disciplined plan for giving?

Explain how Philippians 4:19-20 applies to the matter of personal need?

How have those verses encouraged you to view your money in the way that the Philippian church did? What will taking such a view mean for you practically?
