Matthew 6:19-24

Two Treasures

Two Eyes

Two Masters

**SUGGESTED DISCUSSION POINTS FROM MARCH 21, 2021 SERMON**

*Financial Focus*

Explain how the way we relate to and use money is a reflection of the condition of our hearts?

Describe a time in your life where your heart was fixated on money and it was a distraction in following Jesus?

Explain the reality that all earthly treasures will ultimately be lost. (stolen, decay)

How are we often dismissive of Jesus' words in Matthew 6:20-21?

Explain how it wouldn't make sense to store up treasures in Heaven if there were no future? In other words, how can your sacrificial giving now point to the reality of our eternal home?

Describe how your eyes fixate on what consumes your heart for either good or bad?

Have you ever been so consumed with a need that you would do anything to meet it? Including significant financial help?

What is the 'Two Master Disaster'?

Discuss what Randy Alcorn says, His point is that every time we make spending decisions, we not only gain something, but we also lose something because the money could have been spent in another way.

How can you make sure you are submitting your money and your life to your Ultimate Master and serving Him alone? How do you want others to pray for you as you seek to live with wisdom in your financial life?

Do you truly view God as your great reward?
