Truth and Unity

Joshua 22

- Describe the ways you most acutely feel the generational divide?
- Do you sometimes feel as if your children or grandchildren are speaking another language?
- Recount the time when you sent your child off to college or the day of their marriage?
- Have you ever had a godly concern for the things that you have seen happening among your children or grandchildren?
- Even among your believing children, are you sometimes surprised by their outlook on life and their perception of what it means to follow the Lord?
- Are you ready to go to war and pounce when you detect Biblical drift? (Explain how this can actually be good in some instances)
- Discuss: Pause, Investigate, Accommodate, Unify.
- What could these steps look like as you interact with other believers in your immediate family and outside your family?
