When Your Concern For Your Nation Intensifies

Psalm 46
(Pew Bible p. 578)

When your concern for America intensifies
channel that concern through the theology of Psalm 46.

Psalm 46: God is bigger than the chaos.

Theology = Theo (God) + logos (word) = Words about God.

1. God is so personally present there is no reason to fear the cataclysmic chaos.
vv. 1-3

2. God is so powerfully present He can overrule any national threat.
vv. 4-11

*Peace and security are not the absence of threatening circumstances,
but the close presence of our powerful, personally involved God.*

Looking ahead – Psalm 130
